Project Name:	Fit Buddy – AI Fitness Plan Generator using Gemini Models
Maximum Marks:	3 Marks

Define Problem Statements (Customer Problem Statement Template)

The customer problem statement for Fit Buddy focuses on the difficulty users face when they want to create a suitable and personalized fitness plan based on their individual goals, fitness details, and workout intensity without requiring professional fitness planning knowledge.

Problem Statement (PS)	**I am (Customer I):**	**I 'm trying to:**	**But:**	**Because:**	**Which makes me feel:**
PS-1	A user who wants to follow a personalized fitness routine	Create a customized 7-day workout plan based on my age, weight, fitness goal, an workout intensity	Finding and creating a suitable weekly workout plan manually can be difficult and time-consuming.	Users may not have enough fitness knowledge to select suitable exercises, organize a weekly routine, or decide which workout intensity is appropriate for their goal.	confused and unsure about choosing the right workout plan.

Problem Statement for Fit Buddy

Users need an easy way to create a personalized and structured fitness plan. Fit Buddy addresses this by accepting user details such as age, weight, fitness goal, and workout intensity, then using Google Gemini models to generate a personalized 7-day workout plan along with nutrition/recovery suggestions. Users can also provide feedback to update and improve their workout plan.
